CARE PACKAGE DONATIONS

Dear Families,

On behalf of the Cody L. Byrnes Memorial Foundation, we are asking for your community support with our fifth annual care package drive. Simply drop your toiletries in the labeled boxes by the concession stand at the home football games. We are looking for traveled sized toiletries such as shampoo, deodorant, toothbrushes, toothpaste, kid themed Band-Aids, Q-tips, etc. The items will be packaged for those families that are staying at Memorial Sloan Cancer Center and the Ronald McDonald House in NYC.

The Cody L. Byrnes Memorial Foundation is a not for profit company founded for the purpose of providing scholarships for deserving athletes in our community. We also extend our support to help those families while they are in the hospital caring for their sick children.

Cody Louis Byrnes was just 21 when he passed away in December of 2014 after a 6-year battle with two different cancers. Cody's first love was soccer and he could be found on the field any time he felt good enough to be there. Cody also loved to help others and we honor his memory by handing out care packages when a child is admitted to MSKCC or RMDH. It's just a little way to show how compassionate and caring Cody was.

Thank you for your consideration and support.

Sincerely,

Mary Byrnes
Founder of the Cody L. Byrnes Memorial Foundation
