

# **MOUNT SINAI UNION FREE SCHOOL DISTRICT**

Dear Parents, Guardians and Staff,

The District has been able to coordinate with SCOPE Education Services to provide emergency extended school-age childcare during this difficult time for students ages 5-12, which typically are grades K-5. The program will be held at the Andrew Muller Primary School.

Registration is limited to parents/guardians in the Miller Place, Rocky Point, and Mount Sinai School Districts who are First Responders and/or Medical Personnel.

This is a five day a week program (3/23/2020 – 4/1/2020), Monday - Friday, and will operate from 7 AM to 6 PM. The end date may change based on need. This program is dependent upon sufficient enrollment.

Please see the attached document with registration instructions.
